3. **The Deal:** The dealership deals 2 face-up cards to each player and one face-up (and one face-down) card to themselves.
4. **Player Decisions:** Using the interactive buttons on the screen, players select whether to *Hit*, *Stand*, *Double Down*, or *Split*.

5. **The Dealer's Turn:** Once all gamers have completed their hands, the dealer reveals their face-down card and plays according to rigorous house guidelines (typically basing on all 17s).
6. **Payments:** Winnings are immediately calculated and credited to the player's account immediately.
