- Once the cash is sent, the fraudsters either need more cash for "database clearance costs" or block the purchaser totally.
- Because the deal was unlawful, the victim has no legal option to recuperate their funds.

2. Fake Physical Documents and Database Detection

If the fraudsters do manage to produce a physical piece of paper that looks like a Test Report Form, it stays completely useless for main purposes:

- **University Expulsion and Academic Blacklisting:** If a trainee manages to go into a university using forged files and is later on discovered, they deal with immediate expulsion, revocation of earned credits, and irreversible blacklisting from the scholastic organization.
