What is Crazy Time?

At its core, Crazy Time is a live dealer game constructed around an enormous, 52-segment vertical wheel. A charming live host spins the wheel while interacting with players by means of a live chat function. The goal is basic: players bank on which number or bonus offer round the wheel will arrive on.

However, what sets Crazy Time apart from conventional table games or standard cash wheels is the **Top Slot**. Above the main wheel, a two-reel slot spins simultaneously with every game round. This slot designates a random multiplier to a particular bet spot. If the wheel lands on that area and the multiplier hits, the resulting payment is drastically increased, often resulting in incredible wins.

The Wheel Breakdown

Understanding the layout of the wheel is the very first step for any player. The 52 sections are distributed amongst numbers (1, 2, 5, and 10) and four special reward video games.

Segment Type	Variety of Segments on Wheel	Payment Odds
Number 1	21	1:1
Number 2	13	2:1
Number 5	7	5:1
Number 10	4	10:1
Coin Flip	4	Bonus offer Game
Money Hunt	2	Bonus Game
Pachinko	2	Benefit Game
Crazy Time	1	Perk Game

As shown in the table, the numbers appear far more regularly on the wheel [Crazy Time Slot](#) than the reward games. As a result, the bonus games are more difficult to hit, but they provide the game's highest prospective payouts.

- **How it works:** Inspired by the conventional Japanese arcade game, players are led to a big Pachinko wall filled with physical pegs. The host drops a puck from the top, and it bounces arbitrarily down the board till it lands in one of a number of multiplier slots at the bottom. If the puck lands in a "DOUBLE" slot, all multipliers on the board double, and the puck is dropped again.

- **How it works:** The host opens a red door, leading gamers into a dynamic, virtual wonderland behind the wall.
