What is the Crazy Time Slot?

Unlike conventional online slots that include spinning reels and paylines, the "Crazy Time slot" describes an enormous, vertically installed mechanical wheel operated by a live presenter. The wheel is divided into 54 sectors, including a mix of numbers (1, 2, 5, and 10) and four rewarding bonus video game symbols (*Coin Flip, Cash Hunt, Pachinko,* and *Crazy Time*).

Players put bets on which segment they think the flapper will indicate when the wheel pulls up. Above the main wheel sits a secondary two-reel "Top Slot," which spins all at once with every game round. This Top Slot designates a random multiplier to a random bet spot, possibly supercharging payouts before the primary wheel even stops.

Breakdown of Wheel Segments

To truly understand the video game, one need to take a look at the mathematical distribution of the wheel. With 54 overall segments, the frequency of each outcome differs considerably, developing a balance in between regular little wins and uncommon, huge payments.

Sector/ Bonus Variety of Segments on Wheel Payment Odds (Base) Probability (%) **Number 1** 21 1:1 38.89% **Number 2** 13 2:1 24.07% **Number 5** 7 5:1 12.96% **Number 10** 4 10:1 7.41% **Coin Flip** 4 Reward Game 7.41% **Cash Hunt** 2 Benefit Game 3.70% **Pachinko** 2 Perk Game 3.70% **Crazy Time** 1 Perk Game 1.85%
