- **The Catch:** To offset these generous freebies, if the dealer's hand amounts to precisely 22, all remaining gamer hands are pushed (neither win nor lose), other than for natural blackjacks.

3. Lightning Blackjack

For gamers who like high-voltage excitement and enormous payout multipliers, **Lightning Blackjack** provides a completely brand-new dimension of gameplay.

- **The Mechanic:** Every single video game round includes randomly created multipliers used to winning hands.
- **The Gameplay:** Players pay a little "Lightning Fee" (usually equivalent to 100% of their main bet) to enter the multiplier swimming pool. If a gamer wins a hand, any multiplier created for that specific card overall (e.g., a winning hand of 18) rollovers to increase the payout in the next round, varying anywhere from 2x up to a shocking 25x.

Power Blackjack takes the standard 8-deck shoe and eliminates two extremely particular cards, modifying optimal technique completely while introducing effective new doubling choices.

- **The Mechanic:** All nines and 10s are gotten rid of from the deck, though photo cards (Jacks, Queens, Kings) remain. This leaves 48 cards in each deck.
- **The Gameplay:** Players are offered the extraordinary ability to **Double Down, Triple Down, or Quadruple Down** on *any* preliminary two-card hand-- even after splitting.
