What is Big Bass Crash?

At its core, **Big Bass Crash** is a social multiplayer casino game built on a growing curve multiplier. The style revolves around the iconic bearded angler going out to sea in his little boat. Once the betting window closes, the boat sets sail, and the multiplier starts to climb up, beginning at 1.00 x.

As the boat moves across the screen, the multiplier boosts. Gamers must strike the "Cash Out" button before the boat encounters trouble (or the catch gets away). If a gamer effectively squanders in time, they win their initial stake increased by the present value. However, if the game "crashes" before they cash out, the bet is lost.

The game retains the lovely cartoonish graphics, upbeat country-style banjo soundtrack, and vibrant aquatic backdrop that made the original *Big Bass Bonanza* slots so iconic.
