The player's objective is to position a bet and squander before the crash happens. If they cash out in time, they win their stake multiplied by the current worth. If the game crashes before they squander, the stake is lost.

In Big Bass Crash, the visual narrative follows the iconic fisherman casting his web into the water. As the multiplier climbs up, the net hauls in larger catches. The thematic integration is smooth, bringing a relaxing fishing expedition ambiance to a genre normally controlled by rockets, jet fighters, and abstract graphs.
