This will not happen with wool carpeting.As with any carpet, a cleaning schedule will help to extend the life of your wool carpeting. Many different methods can be used on wool carpeting such as spray extracting, rotary shampooing or foam, use of dry powder or factory cleaning (in the case of area rugs, such as oriental rugs).You may want to consider a wool carpet when buying new, or replacing existing carpeting. If you can't afford to carpet your entire house with wool then carpet the room that will receive the heaviest traffic, such as your living room or family room. You'll be glad you did.
