- **Crazy Time:** Appears 1 time on the wheel. Sets off the supreme reward round.

The Top Slot Feature

Above the primary money wheel sits a smaller sized, two-reel slot machine called the **Top Slot**. With every spin of the primary wheel, the Top Slot likewise spins automatically. It produces a random multiplier and sets it with a random bet area (either a number or a perk game).

If the primary wheel lands on the exact matching section, the payment for that number or the multiplier for that bonus offer round is increased appropriately. This is where enormous payments can start to form before players even reach a perk round.

The Four Extravagant Bonus Rounds

The real body and soul of Crazy Time are its 4 perk rounds. These mini-games transport players away from the https://bitz.io/games/crazy-time main wheel and into immersive, computer-generated bonus environments.

1. Coin Flip

The simplest of the 4 perk rounds, Coin Flip offers a fast and uncomplicated mechanic.

- **How it works:** A coin with a red side and a blue side is positioned in a mechanical flipper. Each side is assigned a random multiplier before the flip.
- **The Outcome:** Whichever color faces up when the coin lands identifies the multiplier applied to the player's stake.

2. Cash Hunt

Money Hunt is an interactive shooting gallery design game where players should make a split-second choice.

- **How it works:** A huge screen displays 108 random multipliers hidden behind different symbols (such as a cactus, a target, a chef's hat, and so on).
- **The Outcome:** Players are offered a short countdown to objective and fire an on-screen cannon at a symbol of their option. As soon as the timer ends, all signs reveal their hidden multipliers, and the gamer wins whatever value lagged their picked target.

3. Pachinko

Influenced by the traditional Japanese arcade game, the Pachinko reward round is all about gravity and suspense.

- **How it works:** The speaker climbs up to a platform and drops a puck down a large board filled with physical pegs. At the bottom of the board are various multiplier values, together with a "DOUBLE" zone.
- **The Outcome:** The puck bounces down the board and lands in among the multiplier slots. If it arrive at "DOUBLE," all multipliers at the bottom of the board double in worth, and the speaker drops the puck a second time. This can duplicate till the optimum multiplier limitation is reached.

4. Crazy Time

The holy grail Crazy Time Games of the video game, Crazy Time takes players behind a massive red door into a surreal, Alice-in-Wonderland-style virtual world.

- **How it works:** Players are faced with a massive virtual wheel including 64 segments filled with big multipliers and "DOUBLE" or "TRIPLE" wedges. Before the wheel spins, gamers should choose among three flippers (Green, Blue, or Yellow).

- **The Outcome:** The speaker presses a huge red button to spin the wheel. Whichever segment lines up with the gamer's chosen flipper determines their reward. If the wheel lands on "DOUBLE" or "TRIPLE," all multipliers on the wheel are doubled or tripled, and the wheel spins once again. This process can duplicate, potentially leading to the video game's optimum promoted payout of 20,000 x the bet.

Methods and Approach

While Crazy Time is basically a game of chance governed by random number generators (RNG) and physical physics, players frequently use different tactical techniques to manage their bankroll and optimize their entertainment time.

- **The Low-Volatility Approach (The Safety Net):**
    - Focusing heavily on numbers 1 and 2, that make up a significant portion of the wheel. This method yields frequent, smaller sized wins that help sustain the player's balance for a longer period.
- **The Bonus Hunter Approach:**
    - Wagering specifically or primarily on the 4 bonus rounds (Coin Flip, Cash Hunt, Pachinko, and Crazy Time). Because these sectors appear less regularly on the wheel (only 9 sections overall), this method involves longer droughts in exchange for access to the video game's main feature attractions.
- **The Balanced Approach:**
    - Spreading little bets throughout both numbers and bonus offer rounds to ensure eligibility for the benefit mini-games while keeping a cushion from routine number hits.
