1. The Waiting Period: When Does Production Begin?

Before a driving license can be provided, it must be manufactured. The process does not take place immediately upon passing the test.

1. **Test Center Submission:** After passing the state test (WORD-- Wojewódzki Ośrodek Ruchu Drogowego), the center forwards the exam results to the local federal government office (*Starostwo Powiatowe*, *Urząd Miasta*, or *Urząd Dzielnicy* depending on the city).
2. **System Update:** This transfer normally takes up to 2 working days.
3. **Charge Payment:** The applicant should pay the official license production charge (currently 100 PLN, plus a 0.50 PLN or 5 PLN commission depending upon the payment channel).
4. **Order Placement:** Once the workplace gets the exam pass notice and proof of payment, they purchase the file from the Polish Security Printing Works (*PWPW-- Polska Wytwórnia Papierów Wartościowych*).

2. How to Track Your Driving License Status

Waiting without understanding the status of an official document can be frustrating. Fortunately, Poland supplies a transparent online tracking system handled by the government.

People can examine if their driving license is all set for collection or delivery without having to call or go to the office.

Steps to Check Status Online:

1. Visit the main Polish federal government website: **obywatel.gov.pl** or **esp.pwpw.pl**.
2. Browse to the section concerning driving license status (*Sprawdź stan sprawy-- prawo jazdy*).

3. Go into the required personal details (normally PESEL number, given name, and surname).
4. Evaluation the current status showed on the screen.

Understanding Status Messages

- **Dane zostały przyjęte przez urząd (Data accepted by the office):** The local office has received the application and exam outcomes, however production has not yet started.
- **Trwa produkcja dokumentu (Document production in development):** PWPW is currently printing and embedding security functions into the physical card.
- **Dokument został spersonalizowany i wydany (Document personalized and issued):** The license has been printed and sent out to the local authority or designated delivery address.
- **Dokument gotowy do odbioru (Document ready for collection):** The license has come to its destination and is all set for the candidate.

3. Delivery Options: Pickup vs. Mail

When sending the initial application for a driving license (typically done before taking the exams, by means of the *Profil Zaufany* or personally), candidates need to choose how they want to get the physical card.

Option A: Personal Collection at the Office

For people who choose to gather their license personally, the process is simple:

- **Where:** The particular *Urząd* (City Hall or District Office) where the application was sent.
- **Requirements:** Bring an official type of recognition (passport or house card) and, if applicable, the old driving license (if exchanging a foreign or ended license).
- **Cost:** Free.

Choice B: Delivery by Traditional Mail/ Courier

Numerous workplaces allow the Karta Xpress Poland physical driving license to be mailed straight to a residential or workplace address within Poland.

- **How it works:** The workplace sends out the printed file via authorized mail (*list polecony*) or carrier service to the provided address.
- **Requirements:** Someone needs to be physically present at the address to sign for the document upon delivery. An ID must be revealed to the postal worker.
- **Cost:** Standard postal costs use, typically a small administrative cost added during the application procedure.

4. Unique Considerations for Foreigners

Foreign nationals residing in Poland who are converting their home nation's license or getting a Polish license for the very first time face a couple of additional verification steps.

- **Verification of Foreign License:** If exchanging a non-EU driving license, Polish authorities need to verify the authenticity of the document with the issuing nation's embassy or transport department. This can **substantially delay** the delivery timeline, often extending it from 2 weeks to several months.
- **Residence Requirements:** To get a driving license in Poland, candidates should show residency. This includes presenting a legitimate house card (*karta pobytu*), visa, or EU registration certificate along with a signed up

address (*zameldowanie*).

5. What to Do If Your License Is Delayed

If the online status tracker reveals that the file production is taking longer than the standard two-week window, candidates should take the following actions:

- **Contact the Local Office:** Reach out directly to the *Wydział Komunikacji* (Department of Communications) at the particular town hall where the application was submitted.
- **Look For Missing Documents:** Occasionally, workplaces need extra signatures, updated medical certificates, or a brand-new passport-style photograph.
- **Postal Delays:** If mail delivery was picked, contact the regional post office (*Poczta Polska*) utilizing the tracking number supplied by the community office, as notification slips are sometimes misplaced.
