What is Crazy Time?

Crazy Time is a live online video game show hosted by a charming, live presenter. The whole video game focuses on a giant, vertically mounted 54-segment wheel. The goal for the gamer is easy: forecast which section the flapper will indicate when the wheel pulls up.

However, what sets this video game apart from basic wheel video games is the addition of a **Top Slot**-- a small two-reel slot machine that spins all at once with the main wheel. The Top Slot appoints a random multiplier to either a number or a bonus offer video game on every spin, dramatically increasing the prospective payouts.

The Wheel Segments Breakdown

Before positioning any bets, gamers should understand the design of the wheel. The 54 sections are divided into numerical bets and 4 unique reward rounds.

1. Coin Flip

- **Trigger:** Appears on 4 sectors.
- **How it works:** A simple coin with a red side and a blue side is flipped by a machine. Each side gets a random multiplier before the flip. Whichever side lands face up wins the designated multiplier for the player.

2. Cash Hunt

- **Trigger:** Appears on 2 sections.
- **How it works:** Players are provided with an enormous screen showing 108 random multipliers concealed behind shooting gallery signs (such as a cactus, a target, or a sheriff's star). Players utilize a crosshair to choose a target before the timer runs out, exposing the multiplier beneath it.

3. Pachinko

- **Trigger:** Appears on 2 sections.
- **How it works:** A physical Pachinko wall featuring a grid of pegs is used. The host drops a puck from the top, and it bounces down randomly until it lands in one of the slots at the bottom, each consisting of a multiplier. If the puck lands on a "DOUBLE," all multipliers on the board double, and the puck is dropped again.

4. Crazy Time

- **Trigger:** Appears on 1 section.
- **How it works:** Players enter a vibrant, virtual wonderland behind a red door, including a colossal 64-segment wheel. The gamer picks among three flappers (Green, Blue, or Yellow). The wheel spins, and whatever multiplier the picked flapper indicate is awarded. Just like Pachinko, landing on "DOUBLE" or "TRIPLE" increases the worths on the wheel for another spin.
