For those curious about why this virtual plane has caught the hearts of Kenyan punters, this thorough guide explores how the game works, techniques players use, and how to enjoy it properly.

What is the Aviator Game?

Developed by Spribe, Aviator is a social multiplayer game belonging to the "crash game" category. Unlike conventional slot devices with spinning reels or table video games with complicated guidelines, Aviator is developed around an increasing curve that can crash at any time.

The property is simple:

1. **An aircraft removes**, and with it, a multiplier coefficient starts to increase.
2. **Players put a couple of bets** before the round starts.
3. **The goal is to cash out** before the fortunate aircraft flies away (crashes).
4. If a player squanders in time, they win their stake multiplied by the present coefficient. If the plane flies away before they cash out, the bet is lost.

This mix of timing, psychology, and risk management has made it a staple across almost every major wagering site in Kenya.
